- ✓ 為您減輕照顧負擔

Four funded care packages

Once you qualify through assessment, these four costs are paid by the government, greatly easing the burden of care.

Who qualifies (assessed at LTC need level 2 or above by the Care Management Center): adults 65+; Indigenous people 55+; people with dementia 50+; people with disabilities who have lost daily function.

Care & professional services

Home care, adult day care, family respite care, plus in-home guidance from physiotherapists, occupational therapists, nurses and dietitians.

Benefit cap **NT\$10,020–36,180/month** by level 2–8

Transport

Rides between home and LTC facilities, or to hospitals for treatment, rehabilitation and dialysis.

Benefit cap **NT\$1,680–2,400/month** by district

Assistive devices & home access

Purchase or rental of wheelchairs, mobility scooters and other devices; grab rails and threshold removal at home.

Benefit cap **Up to NT\$40,000 / 3 years**

Respite care

When the primary caregiver needs a break: day centres, residential facilities, or a care worker who comes to the home.

Benefit cap **NT\$32,340 / 48,510 per year** by level

Families employing a migrant care worker may also apply for LTC. Services are not reduced by income — only the co-payment rate differs (see middle panel).

LTC benefit allowance table

Find your assessed level and the subsidy available each month or year

Approximate need level: **Mild — level 2–3** **Moderate — level 4–6**

Severe — level 7–8

LTC level	Care & professional monthly cap (NT\$)	Respite care yearly cap (NT\$)
Level 2 MILD	10,020	32,340
Level 3 MILD	15,460	32,340
Level 4 MODERATE	18,580	32,340
Level 5 MODERATE	24,100	32,340
Level 6 MODERATE	28,070	32,340
Level 7 SEVERE	32,090	48,510
Level 8 SEVERE	36,180	48,510

EXAMPLE How a level-3 case uses it

Mrs. Wang is assessed at level 3, with **NT\$15,460 per month**. The case manager at an **A-unit** writes the care plan and opens service items; care workers deliver them at home:

Service items opened	Rate	Times/mo	Subtotal
BA02 Basic daily care	195	12	2,340
BA05 Meal care	310	20	6,200
BA07 Bathing & hair washing	325	12	3,900
BA03 Vital sign checks	35	12	420
BA13 Accompanied outings	195	6	1,170
Total used	≤ 15,460		14,030

A general household (group 3) pays only 16% — about **NT\$2,245** — with the rest subsidised; NT\$1,430 remains for flexible use. (Illustrative; actual use follows the approved plan.)

Co-payment: group 1 (low income) 0% · group 2 5–10% · group 3 16–30%. Your actual level and cap are set by the Care Management Center — call **1966**.

Added services

Questions on care, illness, medication, nutrition and exercise are all answered through **online consultation**.

Our care nurses turn your **health data** into personalised daily care advice for a healthier routine.

When readings look abnormal, a nurse contacts you, assesses the situation and issues an **anomaly report** so doctors can treat more precisely.

Every quarter we host **LTC talks** for families and the public on caregiving skills and how to use LTC resources.

Add **照伴隨 on LINE** for LTC advice and **quarterly talk** announcements — or **look us up online**.
